NEW PRODUCT RELEASE

COMPACT SILICONE CAMPING GEAR

At Ironman 4x4 we're constantly looking at ways to better leverage your storage space, ensuring you can take everything away, including the kitchen sink!

Ironman 4x4 are pleased to release our range of compact silicone camping gear. This range includes: a collapsible kettle, collapsible tub and bucket and a silicone ice cube tray.

All products are made of food grade silicone with the kettle combining 304 grade stainless steel base and rim with food grade silicone rated to temperatures of up to 100°C.
