## LED DRIVING LIGHTS

Introducing the new range of Ironman 4x4 LED Driving lights. The 7" Blast Spot and, 7" Blast Combo, 7" Comet and 9" Comet.

Providing a variety of lighting options for all your needs these new spotlights provide excellent illumination and are incredibly durable – ready to tackle everything the outback can throw at them!

Using the latest in LED chips these lights are brighter and

more efficient than ever before.

Rated for both IP67 and IP69K, they're capable of submersion and high pressure water blasts – no need to worry about river crossings or where you aim a high pressure hose.

All lights are made out of diecast alloy housings, featuring shockproof polycarbonate lenses and are powdercoated a metallic grey.
